## Education

### Vellore Institute of Technology AP

August 2020 - (Present)

School of Computer Science & Engineering

BTech Computer Science and Engineering with Specialisation in Artificial Intelligence - 8.33 CGPA till 5th semester

## Experience

### Intern @Mukham

Mar 2022 - Present

Promoted to a permanent team member after the initial internship

Role: Frontend Developer (React)

Key Achievements:

- Developed a responsive landing page for the "MUKHAM" app
- Collaborated on the frontend development of additional company solutions, including MauthN, expanding the product portfolio
- Contributed to the award-winning Biometric project, which received Rs. 3,00,000 at the Fintech Innovation Challenge-2022 by APIS
- Played a key role in the startup's growth, transitioning from intern to a valued permanent team member

### Intern @TinyThings (internship)

April 2022 - July 2022

Role: Frontend Developer (React)

Key Achievements:

- Enhanced the existing React-based e-commerce platform, resulting in improved user experience and performance
- Identified and resolved numerous bugs, ensuring seamless site functionality
- Implemented impactful new features that significantly boosted sales and customer engagement

### Intern @TheMatrixLabs (internship)

July 2022 - August 2022

Focused on frontend development for blockchain applications

Role: Frontend Developer (React)

Key Achievements:

- Developed and designed professional-looking web3 websites for blockchain applications
- Gained valuable experience in creating web solutions for the growing blockchain industry
- Delivered high-quality work within the fast-paced, one-month internship period

### Technical Lead @Vtapp(Tech Fest)

Oct 2022 - Dec-2022

Developed the official website for the college tech fest, including a ticketing system with QR scan capabilities

Role: Tech Lead & Web Developer

Key Achievements:

- Designed and developed the VTApp website (<https://vtapp.pages.dev/>) as the primary online platform for the college tech fest
- Implemented a user-friendly ticketing system with QR scan functionality for efficient event entry and tracking

## Content Creator @instagram

Nov 2020 - Present

Sharing my knowledge on web development by creating content over Instagram from Nov 2020 currently running with **100k+ followers - pranay.webdev**

## Skills

### Programming Languages

JavaScript (ES6), Python, Java, R, PHP  
HTML, CSS/Sass, Solidity

### Libraries & Frameworks

React, Next.JS, Node.JS, MongoDB, Redux, Tailwind css, Ethers.js
